Project Management Certification

PMP[®] Certification Examination

- Exam screenshot (not the real one)

A screenshot of a PMP sample exam interface. The window title is "PMP Sample Exam". The top right corner shows "Elapsed Time 0:00:08". The top left corner shows "1 of 200". The top center has a "Mark Question" checkbox and a "Review" button. The top right corner has a "Text Size" dropdown menu. The main content area contains a question: "1. Project managers need to pay attention to critical and sub-critical activities when evaluating project time performance. One way to do this is to analyze 10 sub-critical paths in order of ascending float. This approach is part of". Below the question are four multiple-choice options: (A) Variance analysis, (B) Simulation, (C) Corrected value management, and (D) Resource analysis. At the bottom left, it says "Mark the best choice.". At the bottom right, there are four buttons: "Translate", "< Back", "Next >", and "End".

Project Management Certification

Continuing Certification Requirements (CCR) Program

In order to maintain the PMP credential, individual PMPs must obtain 60 PDUs during a three-year cycle to satisfy all elements of the Continuing Certification Requirements (CCR) Program. There are five categories:

- Post certification formal education
- Self-directed learning and professional activities
- Programs sponsored by PMI Registered Education Providers (R.E.P.s)
- Programs sponsored by other providers
- Service to professional/community associations
